To whom it may concern:

Children's Specialized Hospital contracted with Assurgent Medical Staffing to assist in filling multiple pediatric rehabilitation positions at their multiple locations. Working with Assurgent and their staff of recruiters was a very effective process for us. Assurgent Medical's recruiters came on site to profile our needs and to get a firsthand look into our staff. This enabled all parties involved to reach a quick and accurate decision on whether or not to proceed with an onsite interview with qualified candidates. We received an ample flow of qualified candidates and the follow up and attention to detail made our process quite simple. Assurgent has assisted us in placing two physicians thus far and we look forward to continuing to work with them for the foreseeable future.

Sincerely,
