March 10, 2016

To whom it may concern:

Weill Cornell Medical College contracted with Assurgent Medical Staffing due to needs in our Urology department for a Pediatric Urologist and Female Urologist.

We were presented with candidates in a timely fashion shortly after the search was initiated, and were able to fill the positions within 3 months. We received an ample flow of qualified candidates and the follow up and attention to detail made our process quite simple. Our assigned recruiter assisted us through the closing of the process and was in constant contact with the parties involved. Assurgent has assisted us in placing two top physicians thus far and we look forward to continuing to work with them for the foreseeable future.

We would strongly recommend working with Assurgent Medical Staffing and will be happy to provide a reference. We look forward to working with them in the future in regards to other needs we may have.

Sincerely,

A handwritten signature in black ink, appearing to read "A. Moore", written over a horizontal line.
