Just Right for Kids

March 21, 2014

I have worked with Assurgent Medical Staffing to assist in filling two very difficult pediatric sub-specialty searches, Gastroenterology and Orthopedic Surgery. They have successfully placed physicians in both of these sub-specialties.

They have embraced our mission and truly understand our organization's goals and apply this insight to the searches. Their knowledge of the market dynamics and the unique differences in recruiting pediatric sub-specialists has been instrumental in our ability to succeed with challenging searches.

The candidates they present are informed of the practice opportunity, hospital and community. The candidates have the background, training and impetus to be successful in our environment.

Assurgent maintains consistent, clear and concise communication which, in my opinion, is paramount. They are easy to work with and I would not hesitate to work with them again in the future.

Sincerely,
